Aquamation Services

Private Aquamation: With private aquamation, you can be assured you will receive only your pet's remains. They are carefully placed in their own private compartment within the aquamation unit and issued a unique personal identification disc for tracking. Families can expect to receive their loved one's remains within 2 weeks.

Private Aquamation Includes: Your choice of bamboo or biodegradable urn, 1 clay paw impression with stand, 2 ink nose prints, 1 fur clipping in a glass jar, your pet's personal identification disc, and 1 gallon of your loved one's water essence, Earth Glow Plant Fertilizer (upon request).

Communal: A gentle shared process where pets are cared for together without separation in an eco-conscious manner. Individual remains are not returned. After the process, the remains are scattered on private property in Fraser, Colorado.
